DRAWING RESULTS reveal the proud winners of Magic Chef's recent contest. The lucky householders are (left to right), Mrs. Pauline Buckley, Mrs. Gus Pabst, Mrs. Charles Morgan, who won the range, Mrs. Martin Ostby, and Mrs. William B. Breaker.

Local Store Offers Parliamentary Class

A course in Parliamentary procedure will open July 15 at 10:30 a.m. in the training center of Sears store in the Del Amo District. The course will be taught by Mrs. R. O. Young, parliamentarian of the Los Angeles Bay Harbor District No. 2, of California Garden Clubs, Inc. Mrs. Young, well known throughout the Southland for her active work in garden circles, has a background rich in club and group work. "Although this course is offered under the sponsorship of the garden club district, we think many women in other groups will want to attend, and we welcome them," Mrs. Young said.

Life is Topic of Scientists

The way to unflinching peace and satisfaction will be pointed out at First Church of Christ Scientist, 1750 Manuel Ave., entitled "Life," the first of a series this summer devoted to synonyms for God. In the Golden Text from Romans (6:23) Paul declares, "The gift of God is eternal life through Jesus Christ our Lord." Opening the Scriptural selections from the sermon are these words of the Psalmist, "How excellent is thy loving-kindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures."

For with thee is the fountain of life." (36:7-9).

"God fashions all things, after His own likeness," affirms Mary Baker Eddy in "Science and Health with Key to the Scriptures." She continues, "Life is reflected in existence, Truth in truthfulness, God in goodness, which impart their own peace and permanence" (p. 516).

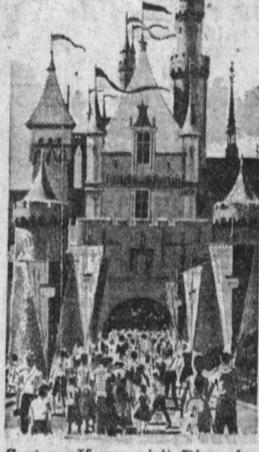

Meidecks Entertain at Marineland

Enjoying dinner recently at Marineland Restaurant were Mr. and Mrs. Robert A. Meideck of Hollywood Riviera, who entertained in the Porpoise Room for Mr. and Mrs. Erik Nordahl of Torrance.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

One of Disneyland's most spectacular attractions is the Circarama tour of "America the Beautiful." For you're encircled by 11 screens as this unique movie takes you to Times Square at night, a New England village, the Grand Canyon and many other parts of our land. The effect is breathtaking... just like being in these places yourself. And it's free, too—part of an exhibit sponsored by Pacific Telephone and the Bell Telephone System. If you visit Disneyland this summer, be sure you see Circarama, I know you'll enjoy it.

Most folks think that television is a recent invention. But this picture proves differently. That's the back of the television set that picked up the first city-to-city telecast. The year was 1927, and the program featured Herbert Hoover! Research by Bell Telephone Laboratories helped make possible that first telecast, and it was carried over a long distance telephone line. Today, telephone equipment still has a lot to do with bringing you television. Pictures from the entertainment centers of the nation travel to your local stations over our equipment—coaxial cables and microwave radio relay—before they're beamed to your home. While telephone research is always focused on bringing you better phone service, it is interesting how often its discoveries pay off for you in other ways, too.

SALUTE TO THE CONVENTION

This was the week when the Southland came of age on the national political scene. Since Monday, the eyes of the nation have watched the television cameras roam through the new Memorial Sports Arena, catching the color, glamour, and drama of choosing a potential president of the United States. Hundreds of nationally prominent personages have descended en masse on Southern California and presumably will spread word of its glories to the distant corners of the country. Add to these the many hundreds of newspapermen and broadcasters, who, it is hoped, are disseminating the good news even more widely and certainly more quickly. Then there are the thousands of more humble visitors here to take in a session or two of the convention, bask in the sunshine, and inspect the more noted Southland beauty spots. After the Democratic whirl, the action—reluctantly, and we hope—will shift eastward to Chicago, where the Republicans take the stage on July 29. Certainly, hosting for the first time a portion of the preliminaries to the big November election has been a great honor for this area. We at Pacific Telephone are proud to have played a major role in the communications phase.
